Although our work primarily focuses on repairing and rebuilding fencing, other tasks that our volunteers have undertaken this year include:

- clearing fallen fruit in orchards, and clearing damaged trees, clearing sticks from peanut bushes to enable harvesting
- stick and rock picking from acres of cultivation paddocks, & plastic/debris picking to prevent animals from ingesting foreign items.
- fixing sprinklers, clearing and assembling irrigation pipes, clearing pump stations
- dismantling, cleaning and repairing various items of machinery, including tractors, starter motors
- uncovering and cleaning steel cattle yards buried in mud
- cleaning and clearing numerous sheds and outbuildings, and local buildings (eg Bowls Club, Historical Society)
- moving over 400 bales of hay to higher (dry) ground
- assembling 1,000 pig feeders
